She received her Bachelors of Education specializing in primary education from the University of Victoria in 2012 and has recently become an early childhood educating assistant. Some of Teagan's many interests include travel, dance and cooking. She has been fortunate enough to explore some amazing countries and in doing so has gained an appreciation of the many types of food that are found around the world, a few of her favorites being Vietnamese street food and Italian gelato! Teagan is looking forward to getting back into the kitchen in the Kids in the Kitchen camp and excited to see what creations will be made!
