

# Creating a Book Trailer

## 5 Easy Steps

1. Choose your book and create a storyboard for your trailer. This will take most of your time but the effort you put into planning your trailer will make a difference!

2. Search for **or** create (draw, paint, etc.) images.  
Make sure you have usage rights - use [Pixabay](#) or [Google Images](#) (make sure to go to “Tools” and under “Usage Rights” and select “Labeled for noncommercial reuse”)
3. Choose your Music (some programs will have music options). Make sure to use copyright free music - try [Bensound](#) or [Incompetech](#) or [Purple Planet](#).
4. Choose a program to create your trailer - try [iMovie](#) or Adobe Spark or [Animoto](#)
5. Share it! Email it to our Library Learning Commons ([swindle@saanichschools.ca](mailto:swindle@saanichschools.ca))
