

2018/19 HOT LUNCH year end report

We have nine hot lunches in a school year (none in September). It is a very rewarding volunteer position as it is a lot of fun for the kids.

Hot Lunch is a fundraiser for the KHASA and it does generate quite a bit of money. It does involve some time with planning and prepping for each date. As I am leaving the position as Hot Lunch Coordinator after three years, my advice to Michelle and Jane (who will take over starting [Sep 2019](#)) is to stick to the ordering deadlines, communicate through school email and send reminder emails a day or so before closing. It is always difficult to get enough parent volunteers, again send reminder emails a few days before the actual hot lunch day. I will be leaving all the supplier information in the system, otherwise it will be flushed to have a clean start in September. They are free to be as creative as they please with new menus.

I wish Michelle and Jane all the best in their new position.
